To generate a draft data paper

1. Click on the « Génération datapaper » button available on the home page.

Home page: « Génération datapaper » button

2. Template and DOI

2.1. Template ("Modèle"):

Select a generic Recherche Data Gouv template or a template adapted to the Data in Brief journal (Elsevier).

2.2. DOI

Enter the DOI number of your dataset.

2.3. Create

Click on "Créer" (create).

Template and DOI

3. Metadata

Save the .odt (Open Office format) containing all the metadata associated with this DOI. You just have to open it with your word processing software to complete it!
